My dear Friends,

Exactly a year ago in the September issue I wrote about the findings of the Commission which was set up to enquire into the Constitution and Rules and Objects of the Mothers' Union, and said that their decisions were to be referred back to the Mothers' Union itself. The Commission proposals and the alternatives have, over the past year, been discussed throughout the country - members have voted on them and finally the Central Council have voted upon them at a big Conference held at the Royal Holloway College at Egham, Surrey.

We publish in this issue the results of their deliberations, which will be legally binding on all Branches of the Mothers' Union when they come into full effect in the autumn. These decisions have not been made lightly, there was a very lively debate over every Section at the final Conference and before that every Branch has been consulted so we can really say that they are the will of the majority of members.

They will mean far reaching effects on the membership of the M.U. and we sincerely hope that they will be of real help in extending the appeal, influence and membership of the M.U. all over the country. Please read the Summary of the decisions made with great care.

I am sorry if any of our regular contributors have had difficulty over the early date which articles for this issue have had to be in if they were to be included. This, I am afraid, happens every year due to the Editor going on holiday.

We shall be looking forward to a visit of the Dorset Blind Choir at the time of Evensong on Sunday September 23rd. They will be taking over the whole of the period and I hope we may be able to give the collection towards work among the Blind.

I am most grateful to Mrs. Stranger who has taken the Services while I have been on holiday and to those who have helped in keeping the mechanics of the Services running while we are still without a Verger.

Your sincere friend and Vicar,

PAUL TRANTER.

THE MOTHERS’ UNION

“We are all set to go with renewed enthusiasm.” This was the feeling of Mrs. Jeacock, MU diocesan president for Chester, at the end of the Mothers’ Union Central Council meeting last week at the Royal Holloway College, Egham, Surrey.

After four days of praying, talking and working together, days when they made momentous decisions for the MU, the representatives returned to their homes: thirty-nine to Ireland, twelve to Scotland, twelve to Australia, one to Canada, two to New Zealand, thirteen to Africa, three to the West Indies, one to Korea, one to Bangladesh, and the rest of the 320 to the dioceses of England and Wales.

SUMMARY OF DECISIONS MADE.

1. A new constitution to be prepared. 2. The aim of the Society to be: “The advancement of the Christian religion in the sphere of marriage and family life.” 3. The objects of the Society to be:
   (1) To uphold our Lord’s teaching on the nature of marriage.
   (2) To encourage parents to bring up their children in the faith and life of the Church. (3) To maintain a world-wide fellowship of Christians united in prayer, worship and service. (4) To promote conditions in society favourable to stable homes and happy childhood.
   (5) To help those whose family life has met with adversity.

4. The summary of aims to be used in the Society’s publications to be:
   “To be specially concerned with all that strengthens and preserves marriage and Christian family life.” 5. Full autonomy for overseas councils accepting the aims and objects of the Society. 6. One class of membership, open to all those who—(1) Have been baptised; and (2) Declare their support for the objects of the Society. 7. Official workers to be communicant members of the Church of England or of a Church in communion therewith. 8. The term “official worker” shall apply to enrolling members but not to other members of branch committees. 9. Christian Family Groups should be allowed to evolve as and when the need arises. 10. No new association to be set up, and no change of name for the Society.

BIBLE STUDY GROUP

The next meeting of the above group will be held at 19 South Mead on Friday September 14th.

AN APPRECIATION

Mr. Hodges would like, through the pages of the magazine, to thank all those who have been so kind and helpful to him in the difficult times he had during the long illness and subsequent death of his dear wife.

AUTUMN LEAVES

Autumn Leaves will be one year old next month. A Birthday Lunch is being arranged on September 16th in the Youth Hall at 1 p.m. List for Press at Butchers, one must pay by Monday Jan 25th.
THEMOTHERS' UNION.

Our September meeting will be held at the Vicarage on Wednesday, September 12th at 7.30 p.m. and as I indicated last month, will be a special meeting to mark the beginning of our autumn Session. We are proposing to have a 'get together' with special refreshments and a 'bring & buy' sale.

We shall be most grateful for offers of refreshments, which should be made to Mrs. England, our Secretary, 10 South Mead.

You will see that the Vicar has written about the results of the big Conference concerning the M.U. and I do not think there is any need for me to add to this except to say that I do hope you will study the Results of the Debate most carefully.

Looking forward to seeing all our members at the September meeting and indeed will very welcome any non-members at this social occasion.

PHILLIE TRANTER.

YOUTH CLUB

The mini-bus has been bought for the club's outside activities. It now provides the transport for going to such activities as the rounder tournament at Sturminster Newton. There will be in the near future a sponsored walk, probably on the footpaths and bridleways around Bere Regis, to help with raising money to repay money received to help us pay for the mini-bus.

BERE REGIS WOODWORK CLUB

We have completed our first year at our new centre at White Lovington, and have enjoyed a very successful and comfortable time, thanks to Miss Llewellyn. Our new session begins on 13th September. We have room for a few more members, any information from P. Marsh at Southbrook.
who said in a television interview that she expected her husband's wages to cover all essentials and her wages to pay for luxuries, "such as holidays abroad, the car" (which neither of them needed for their work) "fags and drinks."

Meanwhile in an Assize in one of our ancient cathedral cities a gang of lads around sixteen years of age were being sentenced to terms in Borstal for terrorising the aged by organised violence. The judge expressed the wish that he could have sentenced them to long terms of imprisonment which their ages precluded. They were latch-key children. They had been left to fend for themselves during their formative years and had never known parental authority.

Now comes the "Women's Lib" with its demand that all women, mothers of young children included, abandon their role as responsible parents to gain some undefined personal freedom.

Little wonder that this kind of anarchy has already made its inroads into schools and colleges. No one ought now to believe that the rebellion of the last ten years just happened. Within the next few weeks at the time of writing a new President of the National Union of Students is to be elected. There are five candidates. The most moderate is a Marxist. The other four belong to international extreme left groups pledged to disrupting society as we know it today. This has been the plot over the last decade. Students have always been known for their high spirits. One remembers one's own student days when, in company with others, particularly during rag-week, we were up to all kinds of mischief. But that was different. By consent of authority we were allowed a degree of licence in our efforts to raise funds for the local hospitals. But violence against visiting speakers of national and international distinction, terrorising heads of colleges, undermining all authority, belong to another breed of students from the high-spirited young men to who step out of line after a game of rugger, or a win on the river.

Recently it was reported, and not denied, that there is a union of anarchists known as 'Rank and File' teaching in schools in Britain numbering 1250 teachers with a further 10,000 non-member sympathisers. Even if these figures are an exaggeration, they should still cause a shudder through us all. And the riot in the Central Hall, London, at a meeting of school teachers addressed by the officials of the N.U.T. and with six members of Parliament on the platform was organised by a group of these anarchists, as the Communist Senior Vice-President of the N.U.T. Max Morris, admitted.

Now we know where 'pupil power' originates. Children from a very early age are being incited to join school unions designed to defy the authority of head-teachers and school-governors.
Meanwhile, what are you to say when a former Secretary of State for Education, who is the present Deputy Leader of the alternative government in Parliament, boasted that: "The teacher has lost his omniscience. He can no longer baffle his pupils with science. No one stands in awe of his superior knowledge any longer." So much the worse for the students, to say nothing of society. For as Paul Tillich, one of the great thinkers of our time asked: "What would be the plight of a student of science without authoritative text-books and lectures by experts."

"Eternal vigilance" was never more in demand than it is today, if the Western World is to survive the widespread attack on the freedom for which two world-wars were fought and millions sacrificed their lives.
